-----  
 Note Description  
 -----

005.0007

\*\*\* REDUCED BIDDER QUALIFICATION RESTRICTIONS \*\*\*

The requirement for prospective bidders to have demonstrated experience in a particular class of work as provided in Article 1102.01 is waived.

Bidders submitting proposals must be recognized contractors capable of completing the minimum amount of the contract as required by Article 1108.01, and must possess all necessary licenses, certificates, and resources to do so. The bidder may be required to furnish evidence to the satisfaction of the Department of Transportation of the bidder's ability to perform and complete the contract before they are allowed to bid work types they have not previously performed.

In Article 1102.01 of the Standard Specification, the formula MAXPREQ (maximum prequalification amount) limitation is removed for bidders with a CPA Reviewed Statement or a CPA Audited Statement. Contractors may be approved for awards exceeding their maximum prequalification amount.

The contractor is not relieved of any other contract requirement. The prime must still self perform the required minimum contract percentage, and must possess all necessary licenses, certificates and resources to do so. A proposal guaranty, performance bond and insurance are still required. The bidder may be required to furnish evidence to the satisfaction of the Department of Transportation of their ability to perform and complete the work before being allowed to bid. The Department maintains the right to determine valid eligible bidders.

005.01016.01

For purposes of resolving discrepancies in the contract documents, the changes listed below shall be considered as information provided in the Proposal Form with regards to Article 1105.04 of the Standard Specifications.

\*\*\* REVISIONS TO THE STANDARD SPECIFICATIONS AS AMENDED BY GS-01016 \*\*\*

SECTION 1102:

. >> In Article 1102.04, Contents of Proposal Forms, ADD the following  
 . as an indented subparagraph after the third paragraph:  
 . (NOTE: Composite Crews for bridge and culvert construction is  
 . no longer an acceptable practice. Effective for contracts  
 . let after January 21, 2009, the contractor shall pay the  
 . applicable prevailing wage rates for the classification in  
 . which the employee is performing work on the contract.)

. >> In Article 1102.17, D, 3, c, DELETE the following sentence in the  
 . third paragraph (follows the sub-articles):  
 . Contractors who have used the same DBE firm for over 50% of

\*\*\*\*\*

Bid Order No.: 003  
 Proposal ID No.: 11-C011-086      Letting Date: April 21, 2009  
 Primary Work Type: BRIDGE REPLACEMENT - OTHER      10:00 A.M.  
 Primary County: BUENA VISTA

-----  
 Note    Description  
 -----

.            their subcontract dollars with DBE firms will not be considered  
 .            as having a history of utilizing DBEs.

SECTION 1108:

. >> Add the following:  
 .    Article 1108.02, L. Notification of Traffic Impacts.  
 .    The Contractor shall provide the Engineer with 10 calendar days  
 .    advance notice before commencing or resuming any work on a  
 .    Primary or Interstate road or bridge that is opened to traffic.  
 .    This notification is needed to suspend the issuance of permits  
 .    for oversized loads when width or vertical clearance  
 .    restrictions occur during construction.

SECTION 2547:

. >> Delete Article 2547.04 METHOD OF MEASUREMENT.  
 . >> Replace Article 2547.05 BASIS OF PAYMENT with the following:  
 .    Article 2547.04 METHOD OF MEASUREMENT AND BASIS OF PAYMENT  
 .    Temporary Stream Accesses shall be considered incidental to  
 .    Mobilization.  
 .    (NOTE: These changes are exactly as shown in GS-01016, but are  
 .    repeated here to prevail over Standard Road Plan RL-16 that  
 .    indicates the Temporary Stream Access is a contract item.)

500.01

\*\*\* WINTER WORK \*\*\*  
 The free time allowed between November 15 and April 1 will not be  
 permitted on this project. The Contractor shall work during the winter  
 on all working days as defined in Article 1101.03 'Working Days'.

510.00

\*\*\* PROGRESS SCHEDULING USING CRITICAL PATH METHOD (C.P.M.) \*\*\*  
 The Contractor shall submit a progress schedule of construction  
 activities based on the critical path method (C.P.M.) in accordance  
 with Section 1110 of the Standard Specifications.

The C.P.M. shall include all projects on the contract.

FHWA-1273.04                    March 10, 1994

REQUIRED CONTRACT PROVISIONS - FEDERAL-AID CONSTRUCTION CONTRACTS  
(EXCLUSIVE OF APPALACHIAN CONTRACTS)

Revisions to FHWA-1273:

- . Section V. STATEMENTS AND PAYROLLS
- . Replace the first sub-sentence of paragraph 2b with the following
- . shown in quotations:
- . "The payroll records shall contain the name and an individually
- . identifying number for each such employee (e.g., the last four
- . digits of the employee's social security number);"
- . This change is being made because federal regulations prohibit the
- . use of personal addresses and full social security numbers.
  
- . Section VI. RECORD OF MATERIALS, SUPPLIES, AND LABOR
- . Delete all references to Form FHWA-47. Form FHWA-47 shall not
- . apply.
